Moving Parts, LLC is an independent consulting firm that specializes in managing commodity risk. We work primarily with food companies to minimize their price risk and maximize their margins. We work hard to give our customers relevant and up to date information on markets, and tailor our findings to fit their needs.

Questions are welcomed at all levels

Custom project work will be an additional cost  
*(included in full service risk management plan)*

All prices are on a monthly basis

### **Level 1: *Weekly Market Update***

Weekly summary of ag commodities designed for the busy executive.

Report covers analysis of soy complex, corn, wheat/flour and veg oils.

### **Level 2: *Weekly Podcast***

20-30 minute weekly podcast, including market PowerPoint slides, where we discuss the key issues that are driving current commodity price action.

### **Level 3: *Monthly Market Recap***

This monthly update includes market highlights, market indicators, updates on weather, South American updates, a monthly overviews of oilseed markets, as well as corn and wheat markets.

We also include up to date information on renewable fuels and energy markets

With a looking ahead section at the end of this report, we let you know which reports are upcoming, and why you may want to keep an eye on them!

### **Level 4: *Monthly Market Call***
